

Conference on Open Source for education in Europe

Full Preliminary Program

Subjects	
Plenary	Plenary Sessions
Theme 1	Open Standards, Architectures and Applications
Theme 2	Sustainability Strategies - Managing Open Source
Theme 3	Open Content - Issues and Implications
Theme 4	Learning with Open Source
Practice	Demonstrations and Hands-on Labs

Monday 14 november 2005

09:30 - 12:30	Session 1	Plenary Session			
12:30 - 13:30	Lunch				
13:30 - 15:30	Session 2	Theme 1 (1)	Theme 2 (1)	Theme 3 (1)	Practice (1)
15:30 - 16:00	Coffee				
16:00 - 18:00	Session 3	Theme 1 (2)	Theme 2 (2)	Theme 4 (1)	Practice (2)

Tuesday 15 november 2005

09:30 - 12:30	Session 4	Theme 2 (3)	Theme 3 (2)	Theme 4 (2)	Practice (3)
12:30 - 13:30	Lunch				
13:30 - 15:00	Session 5	Round Table			
15:00 - 15:30	Coffee				
15:30 - 17:30	Open Session	Post Conference workshops			

Session 1

Monday 14 november 2005 - 09:30 - 12:30

Session 1 Plenary Session

Chair Fred de Vries, Open University of the Netherlands, the Netherlands

Welcome to the Open University and to the Conference	Fred de Vries - Open University of the Netherlands, the Netherlands
Learning with open source software - pedagogy and practice	Graham Attwell - Pontydysgu, United Kingdom
Open standards, sustainability and open source software	Alexandra Toedt - University of Cologne, Germany
"Confessions of an (ex?) closed sourcer"	Colin Tattersall - Open University of the Netherlands
Open Learning and the Metauniversity	Stephen Downes - National Research Council, Canada

Session 2

Monday 14 november 2005 - 13:30 - 15:30

Session 2 Theme 1 (1) - Open Standards, Architectures and Applications

Chair Raymond Elferink, RayCom BV

Have Fun and self Learn the Text to Sign Language Animations	Mr Bipin b agravat -
Tools for Enabling Conformant e-Learning Specification Implementations	Owen O'Neill and Rob Nadolski - OTEC, Open University of the Netherlands
Open Source Flash projects - the way forward for reusable Learning objects	Catherine Hurley - University of Limerick
ePortfolios / PDPs: Tool Developments And Deployment In Bodington And LUSID	Sean Mehan - Learning and Information Services, University of the Highlands and Islands Adam Marshall - Learning Technology Group, Oxford University Computing Services
Using IMAP to build a Virtual Learning Environment	Michael Klebl - Catholic University Eichstaett-Ingolstadt, Germany

Monday 14 november 2005 - 13:30 - 15:30

Session 2 Theme 2 (1) - Sustainability Strategies - Managing Open Source

Chair Luca de Santis

How a FIRM (Flexibility, Innovation, Robustness, and Maturity) Argument for FOSS (Free and Open Source Software) Can Displace FUD (Fear, Uncertainty, and Doubt)	Derek Briton - Centre for Integrated Studies, Athabasca University
Using Moodle to facilitate collaborative practices and networks	Josie Fraser - Information Learning

The UHI ELF: Models And Issues Surrounding Institutional Adoption And Deployment of Open Standards, Architectures and Software

Development, Wyggeston & Queen Eliz

Sean Mehan - Learning and Information Services, University of the Highlands and Islands
Alun Hughes - Learning and Information Services, University of the Highlands and Islands

KEILab (Knowledge Exchange Initiative Laboratory): a research project about open source and elearning

Eleonora Panto - CSP ICT innovation

Monday 14 november 2005 - 13:30 - 15:30

Session 2 Theme 3 (1) - Open Content - Issues and Implications

Chair Oscar Marquez

Openness as an evolutionary determinant of human existence	Wim Westera - Otec, Open University of the Netherlands
Collaborative Development Strategies for Open Source - Involving the Users' Perspective	Panke Stefanie and Kohls Christian - Knowledge Media Research Center
Helping to develop an Open Source Curriculum: the case of TOSSAD E.U. funded project	Michele Marchesi - DIEE, University of Cagliari
Open Content and Source: European Schoolnet Riding the Wave	Riina Vuorikari - European Schoolnet Karl Sarnow - EUN

Monday 14 november 2005 - 13:30 - 15:30

Session 2 Practice (1) - Demonstrations and Hands-on Labs

Chair George Bekiaridis, Ergon KEK

Overcoming Proprietary Hurdles: CPoint as Invasive Editor	Andrea Kohlhasse - DiMeB (Digital Media in Education) at University of Bremen,
DoceboLMS Open Source E-Learning Platform	Claudio Erba - DoceboLMS
ILIAS	Mateus Kunkel
OLAT (Online Learning And Training)	Alexandra Stucki
IMS Learning Design tooling in practise	Daniel Burgos - Open University of the Netherlands

Session 3

Monday 14 november 2005 - 16:00 - 18:00

Session 3 Theme 1 (2) - Open Standards, Architectures and Applications

Chair Alexandra Toedt, University of Cologne

The Tetra ELF: Requirements For a Deployable WAFFLE

Sean Mehan - Learning and Information Services, University of the Highlan
Adam Marshall - Learning Technology Group, Oxford University Computing Services
Andrew Booth - Faculty of Biological Sciences, University of Leeds

Overcoming Proprietary Hurdles: CPoint as Invasive Editor

Andrea Kohlhase - DiMeB (Digital Media in Education) at University of Bremen,

Inter-institutional AuthN and AuthZ for Federated Elearning: Do You Have Good Guan Xi?

Sean Mehan - Learning and Information Services, University of the Highlan
Alistair Young - Learning and Information Services, University of the Highlands and Islands
Adam Marshall - Learning Technology Group, Oxford University Computing Services

OSS Standards and Architectures

Mike Malloch - The KnowNet

Monday 14 november 2005 - 16:00 - 18:00

Session 3 Theme 2 (2) - Sustainability Strategies - Managing Open Source

Chair Luca de Santis

Bodington.org: a Model For Successful, Inter-Institutional, OSS Elearning Development and Participation.

Sean Mehan - Learning and Information Services, University of the Highlan
Stuart Lee - Learning Technology Group, Oxford University Computing Services
Andrew Booth - Faculty of Biological Sciences, University of Leeds

Organisation and Management Issues, sustainability and support

Dai Griffith

Open Source in Universities in Spain

Marta Capdevila

Lessons on Usability in Open Source Software in Education From The Cultural Historical Tradition of Irish Music

Fiona Concannon - University of Limerick, Ireland
Mark Campbell - Electronic Media Solutions [emedia]
Dr. Caoilfhionn Ní Bheachain - University of Limerick, Ireland

Monday 14 november 2005 - 16:00 - 18:00

Session 3 Theme 4 (1) - Learning with Open Source

Chair Fred de Vries, Open University The Netherlands

Combining Open Source Solutions with New Pedagogic Approaches: the Internet Seminar I ntroduction to Applied Computational Linguistics

Karin Naumann - Universität Tübingen, Seminar für Sprachwissenschaft
*Lothar Lemnitzer - Universität Tübingen, Seminar für Sprachwissenschaft

Open Source software in teaching physics: A case study on vector algebra and visual representations

Erdat Cataloglu and Mustafa Baser - Physics Education Abant Izzet Baysal University

Towards the open cross-disciplinary research environment

Paolo M Pumilia - the eexplor project
Anna Maria Tammaro - Università di Parma, Italy
Paul G Mezey - Memorial University of Newfoundland, St. John's, NL, Canada

Monday 14 november 2005 - 16:00 - 18:00

Session 3 Practice (2) - Demonstrations and Hands-on Labs

Chair Mark Campbell, Electronic Media Solutions

.LRN

Malte Sussdorff -

Knets

Mike Malloch, The KnowNet

SchoolTool

Tom Hoffman -

Skolelinux/Debian-Edu

IMS Learning Design tooling in practise

Daniel Burgos - Open University of the Netherlands

Session 4

Tuesday 15 november 2005 - 09:30 - 12:30

Session 4 Theme 2 (3) - Sustainability Strategies - Managing Open Source

Chair Dirk Stieglitz, ITB

Selecting, deploying and developing an open source virtual learning environment on a large scale	Morag Munro - Office of the Vice-President for Learning Innovation, Dublin
Commercial Softwaretraining with ILIAS, experiences of the NLD9 Learning Center of Novell	Josef Stiegeman
Developing University Policies That Engage with Open Source Software	OSS Watch - Oxford University
-	-

Tuesday 15 november 2005 - 09:30 - 12:30

Session 4 Theme 3 (2) - Open Content - Issues and Implications

Chair Mark Campbell, Electronic Media Solutions

Open Source eLearning in Latin America	Dudley Dolan - Department of Computer Science, Trinity College Dublin Irela Abelardo Pardo -
Edukalibre Project: Versatility in e-learning	Jaime Villate, Nuno Faria, Guilherme Dutra and Mário Lopes - Dep. of Physics, Faculty of Engineering, University of Porto
OMDoc: Open Semantic Markup for eScience	Michael Kohlhase - School of Engineering and Science, International University

Tuesday 15 november 2005 - 09:30 - 12:30

Session 4 Theme 4 (2) - Learning with Open Source

Chair Fiona Concannon, University of Limerick

Building Eclectic Personal Learning Landscapes with Open Source Tools	Marco Kalz - Educational Technology Unit, Fernuniversität in Hagen
Adapting Open Source Software for Education: Challenges, Methodologies and Results	Evan Brown and Chris Mitchell - Cànán Ltd, Isle of Skye Jim Henderson - Learning and Teaching Scotland, Glasgow
Hamlet goes XML: CrossAnnotationLinking and Personal Learning Experiences	Witt Andreas - University of Bielefeld Panke Stefanie - Knowledge Media Research Center Benjamin Birkenhake - University of Bielefeld
Open Source and Public Administration in Italy	Luca de Santis

Tuesday 15 november 2005 - 09:30 - 12:30

Session 4 Practice (3) - Demonstrations and Hands-on Labs

Chair Soren Johanssen, NewMedia Lab

Xspigola : an SVG on line producer devoted to educational purposes	Luciano Pes - Liceo
Stud.IP	Marco Bohnsack -
Have Fun and self Learn the Text to Sign Language Animations	Mr Bipin b agravat -
Using eXe for creating eLearning content	Brent Simpson - University of Auckland, Centre for Flexible and Distance Lea

Session 5

Tuesday 15 november 2005 - 13:30 - 15:00

Session 5 Round Table: Open Source Software in education: Competition, Collaboration or Interoperability?

Chairs Graham Atwell, Pontydysgu
Raymond Elferink, RayCom BV

Contributors Stephen Downes - National Research Council, Canada
Riina Vuorikari - European Schoolnet
Josef Stiegeman - Director Global Development, Novell Worldwide Training Services
OSSWatch

Session 6

Tuesday 15 november 2005 - 15:30 - 17:30

Session 6 Open Session - Post Conference Workshops

Developers Forum This workshop is to discuss potential collaboration between Open Source developers	Alexandra Toedt - JOIN project
F/OSS Curriculum Development Open Project meeting TOSSAD	Michele Marchesi - TOSSAD project
Integrating tools within a VLE using shibboleth and other open standards	Adam Marshall - Oxford University Sean Mehan - Oxford University
